## About Me

Creative and detail-oriented Motion Graphics Designer with 3 years of experience, including 2 years specializing in motion graphics and 1 year in graphic design. Expertise in UI/UX design, with a keen eye for creating user-friendly interfaces that enhance the user experience. Proficient in industry-standard tools such as Adobe After Effects, Photoshop, Illustrator, and Figma, with strong skills in developing dynamic visual content, animations, video effects, and graphic designs. Adept at applying design principles, color theory, and typography to deliver high-quality work that aligns with brand identity and client objectives. Experienced in managing multiple projects simultaneously and collaborating with cross-functional teams to achieve creative goals.

## Work Experience

### HIC Global Solutions, Noida

Motion Graphic Designer

DEC 2022 - Till Now

#### Roles & Responsibilities

- Led the design team in the creation and execution of motion graphics projects, ensuring high-quality deliverables aligned with client requirements and brand guidelines.
- Managed end-to-end video production, from concept development and scriptwriting to recording, editing, and final delivery, including client testimonials, product demo videos, and promotional content.
- Designed intuitive and visually appealing UI for software applications and websites using Figma, ensuring seamless user experiences and adherence to modern design principles.
- Utilized advanced motion graphics software, such as Adobe After Effects and Premiere Pro, to create animations, visual effects, and motion designs that enhanced video content and storytelling.
- Coordinated with cross-functional teams, including marketing, content, and development teams, to ensure seamless integration of motion graphics into broader digital campaigns and projects.

### Freelance

Graphic Designer & Video Editing

JUNE 2021 - DEC 2022

#### Roles & Responsibilities

- Orchestrated the end-to-end workflow for freelance projects, including project briefs, client interactions, and final delivery; streamlined processes reduced project turnaround time by 25%, enhancing overall client satisfaction levels.
- Utilized industry-standard tools like Adobe After Effects, Premiere Pro, and Illustrator to create visually engaging content that met client expectations and industry standards.
- Designed intuitive and visually appealing UI for software applications and websites using Figma, ensuring seamless user experiences and adherence to modern design principles.
- Adapted quickly to varying client requirements and project scopes, demonstrating flexibility and creativity in delivering unique and effective visual content.
